

THOMAS & THOMAS

CHARTERED BUILDING SURVEYORS

Case Study

Project Name

Alexandra Park School

Project value

£150,000.00

At a Glance...

Alexandra Park School is a thriving and dynamic school which boasts excellent examination results and an outstanding curriculum experience in both the main school and the sixth form. The school is situated on a beautiful five-acre site adjacent to Durnsford Park within sight of Alexandra Palace. The school was opened in 1999 with the aim of creating a great comprehensive school at the heart of the community. Thomas & Thomas were instructed to replace aging Crittall windows at the school with new, metal framed double glazed units, under very tight timescales over the summer break

Project Highlights

- Works were competitively priced, instructed, measured and installed within 3 months.
- Modern windows featured opening restrictors to improve child safety in classrooms.
- New windows featured trickle ventilation, improving air quality and oxygen levels internally.

Contract Value

£150,000.00 (GBP)

Duration

6 Weeks

Project Overview

- Modern solar reflective coatings were used to ensure thermal comfort and improved efficiency. These prevent the rooms from overheating during the summer.
- The project finished on time and on budget before the children returned from their summer break.
